# About Us

Tishya Exports is a leading name in premium granite exports, delivering high-quality natural stones to businesses worldwide. We ensure superior craftsmanship, durability, and elegance, making our granites ideal for diverse architectural applications.

As a homegrown brand, we source the finest granites from India's rich landscapes, transforming them into refined surfaces that elevate spaces. Our customer-centric approach allows us to offer tailored solutions for architects, builders, and importers across the globe.

We specialize in domestic and international exports, providing seamless logistics and competitive pricing. Whether for residential, commercial, or large-scale projects, Tishya Exports guarantees premium quality at the best rates, making us a preferred choice for global granite solutions.

# From Cradle To Gate

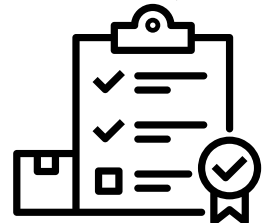

Raw Material is extracted from the finest quarries.

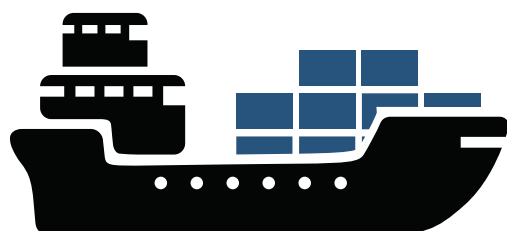

Quarry Material comes to factory in form of a block or slabs.

Splitting is done manually for accurate thickness and quality. Stones are inspected, cut, polished, honed & treated as required.

Before packing, another round of quality checks is performed.

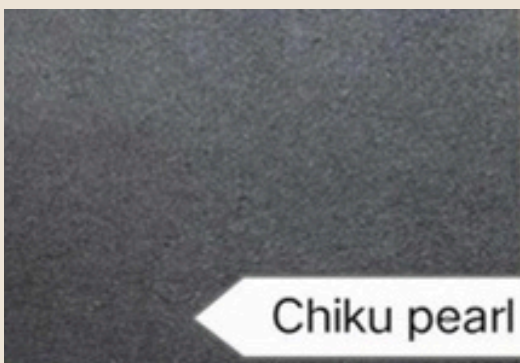

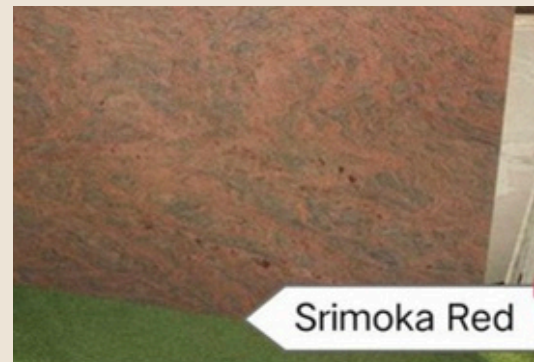

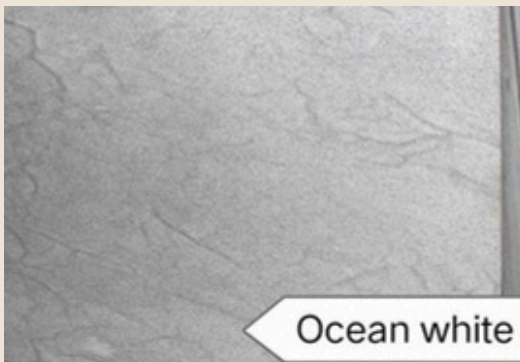

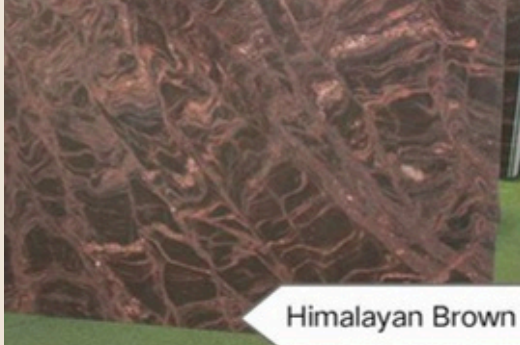

Neatly packed material is dispatched to port in crates and is then shipped to destination.

# Meet Our Team

Tishya Exports is led by two passionate twin brothers who bring extensive logistics expertise to the granite industry. With years of experience in supply chain management, they have built a brand that seamlessly blends efficiency, quality, and customer satisfaction. Their deep understanding of global trade and commitment to excellence ensure that every shipment meets the highest standards. As a homegrown business, their dedication to sourcing and delivering top-tier granites has positioned Tishya Exports as a trusted name in the industry.
